

## Referral Program

Here's your opportunity to share the benefits of locums tenens work with your friends and colleagues. Refer a friend or colleague to Medestar and we will reward you with \$500 per referred candidate that works at least 20 days.

**\$500 REFERRAL REWARD**  
for physicians in all specialties, CRNA's, nurse  
practitioners and physician assistants

### How it works:

- Submit a friend or colleague via the form below.
- A Medestar recruitment specialist will contact your friend to discuss the benefits of locum tenens work and help him or her find a matching position.
- If your referred colleague completes at least 20 days worked with Medestar, congratulations! You have earned your reward.

### The fine print:

- A person will be paid only one referral bonus per candidate referred to Medestar. However, there is no limit on the number of candidates a person can refer.
- Referrals must work a minimum of 20 days with Medestar and meet all contract requirements to qualify for the referral reward. The 20 days worked can be completed with multiple assignments, but they must be within one year of the initial referral date.
- Should a candidate be submitted more than once as a referral, Medestar will honor the first referring party only.

Just fill out the form below and submit it to our recruiting department. If we hire your friend, and he or she works 20 days, the reward is yours! **Refer a friend today!**
